DETAILED ACTION

1. This action is in response to applicant's response filed on Dec 26, 2007. **Claims 59, 66-71, 77, 83-88 and 94-100** are pending in the present application.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claim 59 recites an analog front end (AFE) for a digital subscriber line (DSL) modem and limitations for the following: "a single-ended receive channel configured to receive and process a differential input signal from a twisted pair telephone line that has been converted to a single-ended input signal; an automatic gain control having a single-ended input coupled to the single-ended receive channel, and a single-ended output; a single-ended first filter coupled to the automatic gain control output; and a single-ended second filter coupled to the transmit channel for filtering the single-ended output signal before conversion to the differential output signal for transmission on the twisted pair telephone line". Examiner interprets these limitations as illustrated in Figs 5a and 5b. The specification supports the amendment [page15, line 13 thru page 17, line 6]. In this context, the applicant's

arguments are persuasive. The prior art of record does not teach these limitations in the context of the claim. Therefore, claim 59 is indicated allowable. Claims 66-71 being dependent from claim 59 are indicated allowable.

Claims 77 and 94 are essentially similar to claim 59, and hence are indicated allowable. Claims 83-88 being dependent from claim 77, and claims 95-100 being dependent from claim 94 are also indicated allowable.

New search updates reveal no other prior art which teaches the limitations in the context of the claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ramnandan Singh whose telephone number is (571) 272-7529. The examiner can normally be reached on M-TH (8:00-5:30).
